Chapter			
Page	Location	Description	Explanation
102	Activity 2-11, Step 4	The dsadd command should be changed to: dsadd user "CN=%1, OU=Marketing,DC=MCS A2016,DC=local" -fn %2 -ln %3 -upn %1@MCSA2016.local -pwd Password01 - memberof "CN=AdminG, OU=Administration, DC=MCSA2016, DC=local" -mustchpwd yes -disabled yes	The original command referenced the Advertising OU which does not exist, so the correct command omits the reference to the Advertising OU. <i>Hat tip: Douglas Carter-Taylor</i>
